Dear Researchers,

Promotion of Innovative/Development Research at the PGIS

As proposed in our corporate plan we wish to promote innovative/development research at the PGIS and to provide necessary support to the potential researchers to conduct high quality research and disseminate their scientific findings for the benefit of the society through **publishing, patenting, obtaining royalties, etc.** In order to facilitate this we would like to initiate a research grant scheme to provide funds to the prospective researchers.

An application form required for this is attached herewith. The Closing Date is 20-09-2011. The soft copy of the application can be downloaded from the PGIS website.

Thank you.

Yours sincerely,

Prof. B.S.B. Karunaratne
