---

*Note I: Supervisors are normally expected to supervise not more than five students of a given Masters programme. However, under special circumstances the relevant Board of Study may accommodate changes to this condition.*

*Note II: Other than the supervisors, the persons providing data sets, laboratory facilities, etc. may also be considered as co-authors in publications resulting from the independent study, depending on their contributions as determined by the supervisors of the independent study.*

*Note III: If the independent study involves human or animal subjects or any other ethical issues, please request clearance from the PGIS Ethical Committee. Required forms can be down loaded from the PGIS website or obtain from the Director's Office.*
