

GeoGebra Installation Instructions

How to Download GeoGebra Software?

Step 1

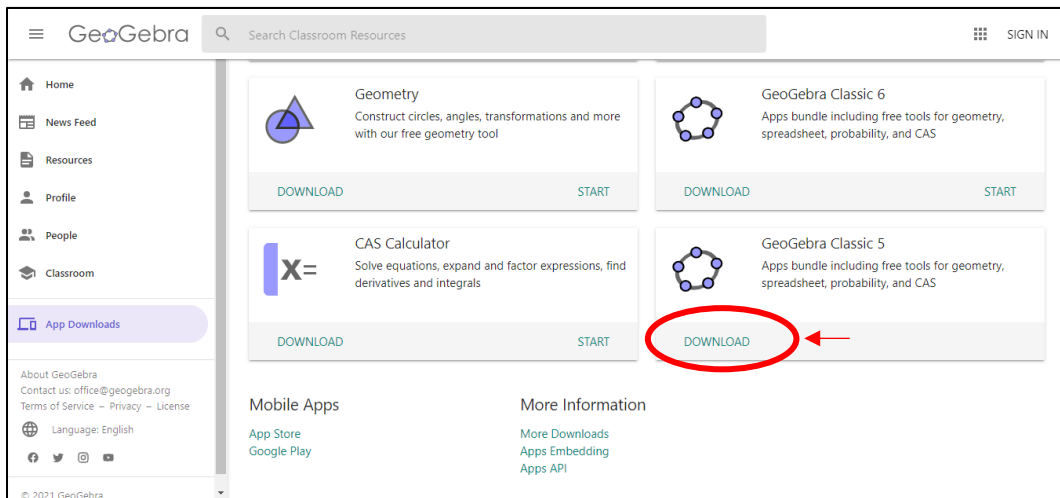

Open your browser and go to the GeoGebra Website:

www.geogebra.org

Step 2

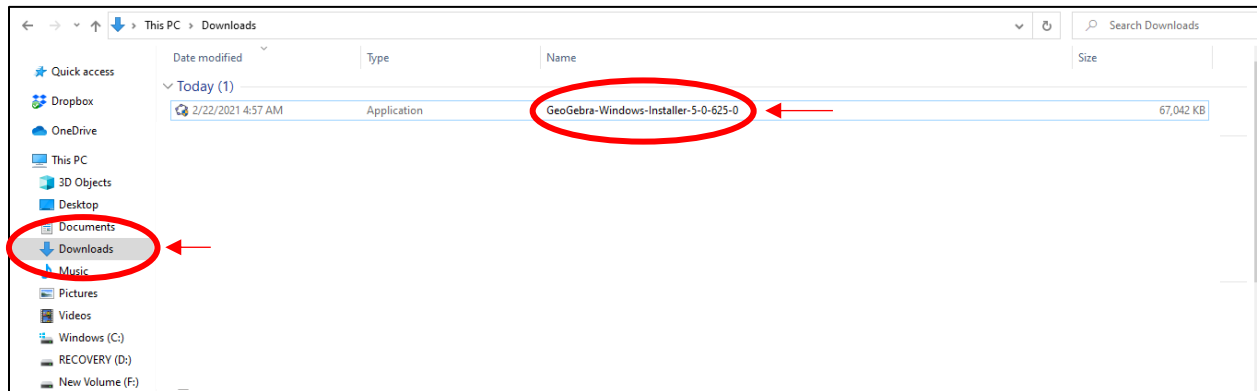

Go to **App Downloads**. Scroll down and Download **GeoGebra Classic 5**.

How to Install GeoGebra Software?

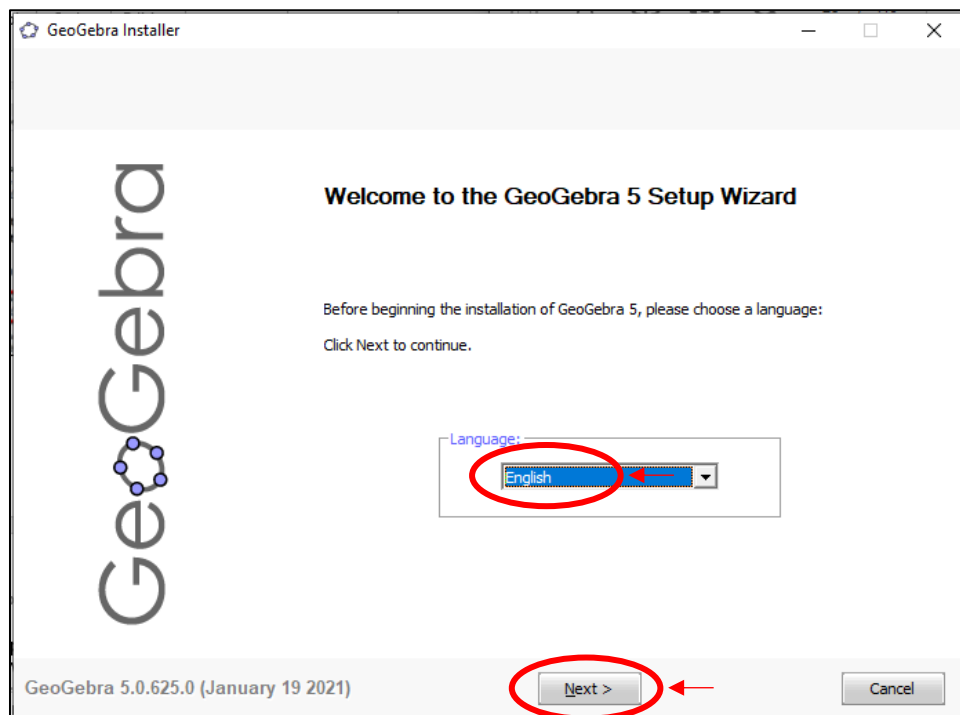

Step 1

Find the “GeoGebra-Windows-Installer-5” file and double click to open the file. (By default, the downloaded file should be in the “Downloads” folder).

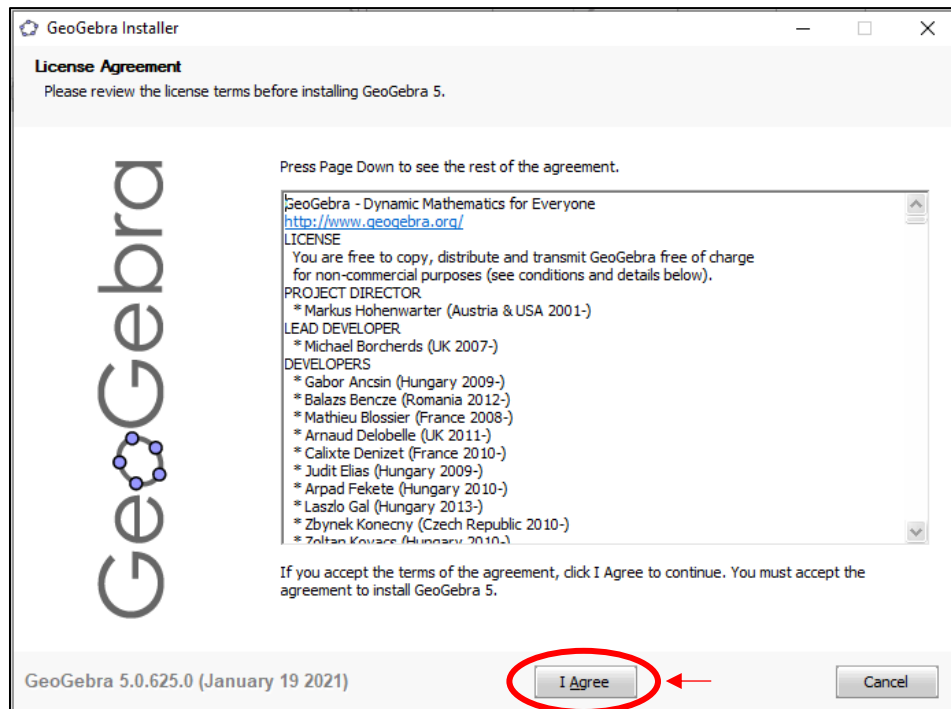

Step 2

Select Language English and click “Next”.

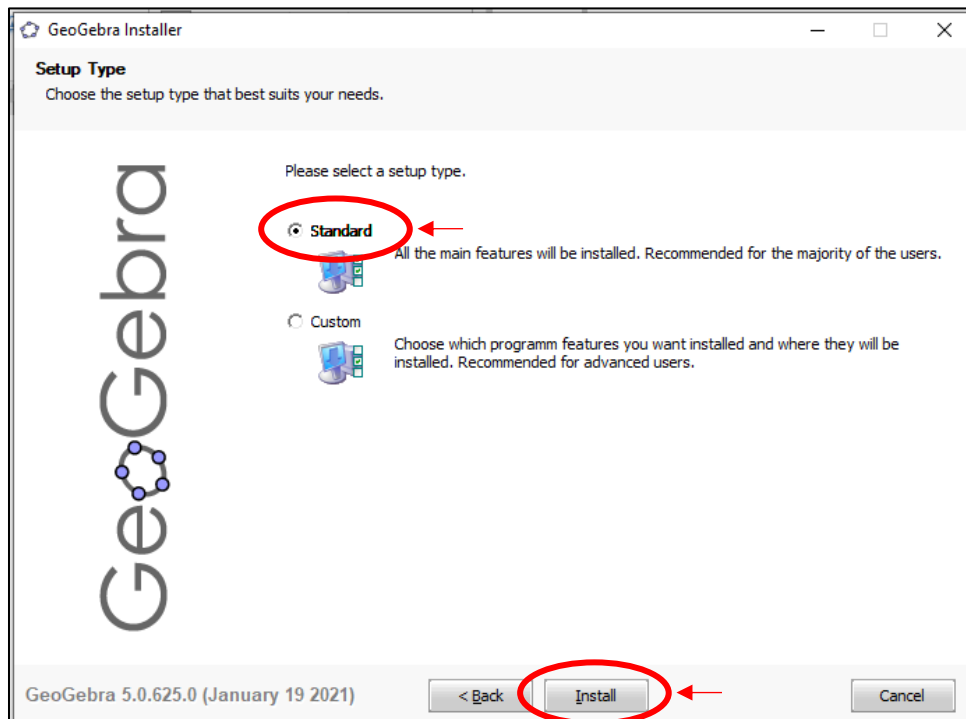

Step 3

Read the agreement and click “I Agree” to continue.

Step 4

Choose the option “standard” and click “Install”.

Step 5

Select “Run GeoGebra 5” and click “Finish” to launch GeoGebra.
