SENSING IMPULSES - A WORKSHOP ON NEUROSCIENCE

FEBRUARY 17-18, 2022

A two day Workshop on Neuroscience was held from February 17-18, 2022. It was organized by the Board of Study in Biomedical Sciences of the PGIS.

Prof. A. Pitawala, Director, PGIS delivered the welcome speech. Prof. Vasanthi Pinto, Dean, Faculty of Medicine, University of Peradeniya also graced the inauguration of the workshop.

Prof. Vajira Weerasinghe, Professor of Physiology, Department of Physiology, Faculty of Medicine, University of Peradeniya and Prof. Michael E. Geusz, associate Professor, Department of Biological Sciences, Bowling Green State University, USA delivered the Keynote speeches. Prof. Vajira Weerasinghe delivered the Keynote on “Exploring new virus in Brain Function” while Prof. Michael E. Geusz delivered the Keynote on “Circadian rhythms, Stem Cells and Possible Cancer Treatments”.

Following experts from related fields also contributed for the workshop.

Prof. Ayanthi Navaratne, the Head of the Department of Chemistry, University of Peradeniya delivered a speech on “Neurochemistry”.

Prof Tharaka Dissanayaka, Professor in Neurophysiology and Head of the Department, Department of Physiology, Faculty of Medicine, University of Peradeniya delivered a speech on “Cognitive functions in the brain”.

Prof Shirani Ranasinghe, Senior professor, Department of Biochemistry, Faculty of Medicine, University of Peradeniya delivered a speech on “Nutritional factors related to Nervous system”.

Dr. V. Sivakumar, Department of Physics, University of Peradeniya delivered a speech on “An overview of imaging techniques”

Dr. Udaya Dangahadeniya, Senior Lecturer in Pharmacology, Faculty of Medicine, University of Peradeniya delivered a speech on “Neuroscience: The Clinician’s Perspective”.

Dr. Suvini Wijesinghe, Department of Radiology, Asiri Hospitals Pvt Ltd. performed a practical demonstration on “Radiological Imaging”.

Dr. Dilshan Beligala, Department of Molecular Biology and Biotechnology, Faculty of Science, University of Peradeniya delivered a speech on Cellular Electrophysiological Recordings”.

PGIS RESEARCH GRANTS – 6 MONTHS PROGRESS REVIEW SEMINARS

MARCH 11, 2022

Six moth progress Review seminars of the PGIS research grants were held on the 11th Friday, March, 2022 at the PGIS. During the event, each research grant was reviewed by the two reviewers nominated by the chairperson of the relevant Board of Study. Each postgraduate student involved in the research project did a 15 minutes presentation on the progress of the research work. The work completed during the 6-month period, progress on specific goals and objectives and any major deviations from the original proposal, and if so, whether the given reasons are justifiable were evaluated during each presentation.

Research Projects which received PGIS Research Grants in 2022

- Dr. P.K. Perera - Molecular epidemiological investigations of ovine and bovine theileriosis in Jafna, Sri Lanka
- Prof. W.A. Priyanka - Epidemiology and vector surveillance of Leishmaniasis in Central Sri Lanka
- Dr. M.P.C.S. Danapala - Identification and characterization of mode of inheritance of dwarfism and type of mutation in three different dwarf rice in Sri Lanka
- Dr. L.K. Naragammana - Development and investigation of non-toxic, low cost, thermoelectric materials using organic and inorganic semiconductors
- Prof. A.M.T.A. Gunarathna - Ecology and Management of Savanna Ecosystems in Intermediate Zone, Sri Lanka
- Dr. B.S. Nanayakkara - Public health implications of water at selected sites of the river kalu, Sri Lanka: Escherichia coli, antibiotic resistance phylotyping and physicochemical aspects
- Dr. J.A.T.C. Ariyasena - Development of a novel chromatographic stationary phase from a natural substance
- Prof. K.M.G.G. Jayasuriya - Seed dormancy, storage behaviour and some morpho-chemical properties of the dispersal units in species of the family Dilleniaceae
- Dr. H.M.K.N.H. Koralegedara - Enhanced photocatalytic degradation of micro-plastics in soil using Sri Lankan red earth
- Prof. S.H. Boyagoda - Effects of conversion to organic agriculture on biodiversity
- Dr. W.M.K.B.N. Wijyaratne - All-solid-state-dye sensitized solar cells using organic/inorganic hole conductors, enhanced with locally found biological micro/nano-structures

INTERNATIONAL CONFERENCE ON SCIENCE EDUCATION - 2022

AUGUST 06, 2022

The International Conference on Science Education, 2022 was held on 6th August 2022 at the conference room, PGIS. This event was organized by the Board of Study in Science Education, PGIS.

The Vice Chancellor, Prof. M.D. Lamawansa and the Deputy Vice Chancellor Prof. W.M.T. Madhujith also graced this occasion.

The organizing committee were consisted of following members.

- Prof. H.M.S.P. Madawala (Conference Chairperson)
- Dr. W.D. Chandrasena (Co-coordinator)
- Prof. T.M.S.S.K. Yatigammana Ekanayake (Co-coordinator)
- Mr. A.M.R.S. Bandara (Conference secretary)

The conference included different subject areas such as biological education, chemistry education, ICT education, physical education and general science education. The main theme of the event was 'Science Education for Sustainable Development and Post Covid Challenges'. State Ministry of Skills Development, Vocational Education, Research and Innovation, Bank of Ceylon and National Savings Bank were the main sponsors of this event.

WORKSHOP ON CONDUCTING RESEARCH IN MATHEMATICS EDUCATION (ONLINE)

AUGUST 19, 2022

A workshop on conducting research in mathematics education was organized by the PGIS in collaboration with the Ministry of Education, Sri Lanka. The event was held at the PGIS auditorium on the 19th of August, 2022. The resource persons of the event were, Prof. S.Y. Ekanayake - a professor in department of education, Faculty of Arts and Dr. W.D. Chandrasena - senior lecturer in the Science education Unit of University of Peradeniya. The event was conducted for the mathematics school teachers. Prof. H.M.T.G.A. Pitawala, the director of the PGIS delivered the welcome speech while Prof. W.B. Daundasekara made an introduction to the event.

24 TH WORKSHOP ON SCIENTIFIC WRITING

AUGUST 20-21 AND 27-28, 2022

The workshop was conducted to Ph.D., M.Phil., M.Sc. and Masters students who have registered for the year 2021 on 20th, 21st, 27th and 28th of August, 2022. The event was held virtually. A certificate was issued for the participants who had successfully completed the event.

Following academics contributed as the resource persons of the event.

- Dr. N.H. Koralegedara- Senior lecturer, Department of Geology, Faculty of Science
- Dr. P.L. Dharmapriya- Snior Lecturer, Department of Geology, Faculty of Science
- Dr. W. R. P. Wijesinghe- Senior Lecturer, Department of Botany, Faculty of Science
- Dr. V. Sivakumar - Head of the Department / Senior Lecturer, Department of Physics, Faculty of Science
- Prof. C .L. Abayasekara - Professor, Department of Botany, Faculty of Science
- Prof. H.M.S.P. Madawala - Professor, Department of Botany, Faculty of Science
- Prof. R. S. Rajakaruna- Senior Professor and Chair, Department of Zoology, Faculty of Science
- Prof. S .H. Boyagoda- Professor, Department of Zoology, Faculty of Science
- Prof. S .H.P. P. Karunaratne – Senior Professor and Chair, Department of Zoology, Faculty of Science
- Prof. W.A. I. P. Karunaratne - Head of the Department / Professor, Department of Zoology, Faculty of Science

PROFESSIONAL CERTIFICATE COURSE IN DATA ENGINEERING

SEPTEMBER 02,03,04, 2022

A Three day professional certificate course on Data Engineering was held at the Data Science Laboratory of Department of Statistics and Computer Science in the postgraduate Institute of Science (PGIS), University of Peradeniya on 02-04th September, 2022. Data analysis, Data engineering and Machine Learning aspects were covered during the course. Fifteen participants attended the course.

Co-funded by the
Erasmus+ Programme
of the European Union

Following resource persons were contributed to this workshop.

- Mr. Prabhath Gunathilake - Senior Lecturer, Department of Statistics and Computer Science, University of Peradeniya, Peradeniya
- Mr. Srimal Bandara - Scientific Assistant, PGIS, University of Peradeniya
- Mr. Pramuka Weerasingha - Lecturer (Probationary), Department of Statistics and Computer Science, University of Peradeniya
- Dr. Ruwan Nawarathna - Senior Lecturer in Computer Science, University of Peradeniya
- Mr. Lahiru Rathnayake - Research and Development Engineer at CodeGen International | Machine Learning and Computer Vision
- Mr. Pradeep Indrajith - Director - Software Development, IFS

3MT COMPETITION

OCTOBER 12, 2022

A 3MT competition (3 minute research presentation) for postgraduate students of the PGIS was held on 12th October, 2022 at the PGIS auditorium with the purpose of cultivating research and presentation skills of the PGIS research students. The event was organized by the Young Researchers' Forum (YRF) which is one of the major societies attached to the PGIS, University of Peradeniya. The challenge in this competition was to explain the research findings within three minutes with using only a single PPT slide in front of non-specialist audience.

PGIS RESEARCH CONGRESS (RESCON) 2022

OCTOBER 28-30, 2022

The PGIS Research Congress (PGIS RESCON) is one of the key annual events of the PGIS. The main aim of conducting this event annually is to promote and strengthen the research culture of the Postgraduate Institute of Science (PGIS), University of Peradeniya, and in turn contributing to the national development of the country. This year its ninth Research Congress 'RESCON - 2022' was successfully held on 28th, 29th and 30th October 2022. The conference was also featured in a special live segment at the Kandurata FM at its Kandy City Center (KCC) studio few days prior to the Conference. Due to the economic and other constraints face by the country, the technical sessions of the RESCON 2022 was conducted on a virtual mode.

The event was inaugurated ceremonially by the Chief Guest, Prof. Nadira Karunaweera, the President, National Academy of Sciences of Sri Lanka, on Friday 28th October 2022 at the Postgraduate Institute of Science, Peradeniya. The Guest of Honor for the occasion was Prof. W.M.T. Madhujith, the Acting Vice-Chancellor, University of Peradeniya. Prof. Justin Dillon of University College London (UCL) delivered the keynote address titled "Rethinking Scientific Literacy in an Era of Pandemics, Conspiracies and Climate Emergencies" at the inauguration. The inauguration ceremony was followed by the Congress Dinner at the Rooftop of the Postgraduate Institute of Science, University of Peradeniya. Virtual Technical Sessions of the PGIS Research Congress were held in four parallel sessions during 29th and 30th

October 2022. Two hundred and forty three (243) abstracts were presented during the Congress thus bringing together many researchers from almost all the state universities, non-state universities, research institutions and industries to share their ideas and new perspectives in a wide range of topics. All the abstracts were orally presented under five broad themes: Earth and Environmental Science; Information and Communication Technology, Mathematics and Statistics, Life Sciences, Physical Sciences, and Science Education. The online sessions of RESCON 2022 provided an excellent platform for postgraduate students and researchers from many disciplines to interact among themselves. Prof. H.M.S.P. Madawala chaired the Rescon 2022. Dr. Piyumali Perera served as the secretary of the Rescon 2022.

ICMME 2023 - ONE-DAY WORKSHOP FOR SCHOOL TEACHERS

NOVEMBER 04, 2022

The event was organized by the University of Peradeniya in collaboration with the ministry of education, Sri Lanka and held at the PGIS, University of Peradeniya on 4 th of November, 2022. The programme was organized for the school teachers. Prof. Wasantha Daundasekara, Senior lecturer of the Science Education Unit, Faculty of Science, University of Peradeniya and Dr. Sachith Abeysundara, senior lecturer at the Department of Statistics and Computer Science, University of Peradeniya were the resource persons of this event.

The programme was conducted in both Sinhala and Tamil medium under 2 sessions.

Session 1–Use of GeoGebra Software for School Mathematics

Session 11 – Statistical Data Analysis for Mathematics Education Research

INTERNATIONAL EDUCATION FAIR

NOVEMBER 24, 2022

The [International Relations Office](#), University of Peradeniya in collaboration with the PGIS organized the International Week 2022 with the purpose of **expanding international collaborations, exposing university students and staff to international educational opportunities, and promoting the University of Peradeniya in the global context.**

The International Education Fair of the international week was held successfully on the 24th of November 2022 at the [Postgraduate Institute of Science](#), with the purpose of opening doors to the international higher education arena for those who are looking to do their postgraduate studies.

Madam Maria L. Popova, first Secretary of the Russian Embassy in Sri Lanka and the Director of the Russian House in Colombo, Prof. M.D. Lamawansa, the Vice-Chancellor of the University of Peradeniya, Prof. W.M.T. Mudhujith, the Deputy Vice-Chancellor of the University of Peradeniya, Mrs. Alexandra Shalaginova, Head of Finance of the Russian House in Colombo, Mr. Venurika Jayasinghe, Educational and Public Relations officer of the Russian House in Colombo, Mr. Nihal De. Zoysa, senior executive of the Russian House in Colombo, the Deans of the Faculties, Prof. C.N.R.A. Alles, Director, International Relations Office, University of Peradeniya, Dr. Shiranthi Colombage and the representatives from the Tokyo University – Sri Lanka office, representatives from the Assistant High Commission of India, Kandy, representatives from the German Academic Exchange Service of the German Embassy in Sri Lanka, the management committee members of the International Relations office, University of Peradeniya participated in the event.

GLOBAL HEALTH EMERGING LEADERSHIP PROGRAMME

NOVEMBER 23-24, 2022

The Global Health Emerging Leadership Programme which was organized by the University Research Council in collaboration with the Postgraduate Institute of Science (PGIS), University of Peradeniya was held on 23 – 24th November, 2022. The workshop introduced theories and concepts including current trends, issues, challenges and debates in global health. It provided a critical understanding of the determinants that shape the current global health situation.

COURSES OFFERED BY PGIS**Ph.D. | M.Phil. | Masters | Postgraduate Diploma**

The Postgraduate institute of Science (PGIS) is a national institution attached to the University of Peradeniya, Sri Lanka. The PGIS offers postgraduate training in a wide range of disciplines in Science. The academic programmes of the PGIS are conducted through the following board of studies

- *Biochemistry and Molecular Biology*
- *Biomedical Sciences*
- *Chemical Sciences*
- *Earth Sciences*
- *Environmental Science*
- *Mathematics*
- *Physics*
- *Plant Sciences*
- *Science Education*
- *Statistics & Computer Science*
- *Zoological Sciences*

M.phil. / Ph.D. RESEARCH DEGREE PROGRAMMES

The PGIS offers postgraduate research programmes leading to the award of Degree of Master of Philosophy (M.Phil.) and Degree of Doctor of Philosophy (Ph.D.), which involve course work and research in selected areas of study. COURSES OFFERED BY PGIS

M.Sc. DEGERE PROGRAMMES

At present the PGIS offers M.Sc. degree programmes in the following disciplines.

Biochemistry and Molecular Biology

- Clinical Biochemistry
- Experimental Biotechnology
- Molecular Biology and Biotechnology

Chemical Sciences

- Analytical Chemistry
- Industrial Chemistry
- Nanoscience and Nanotechnology

Earth Sciences

- Disaster Management
- Engineering Geology and Hydrogeology
- Gemmology and Industrial Minerals
- GIS and Remote Sensing
- Oceanography
- Water Resources Management

Environmental Science

- Biodiversity Ecotourism and Environment Management
- Environmental Science

Mathematics

- Industrial Mathematics

Physics

- Medical Physics
- Physics of Materials

Plant Sciences

- Biodiversity Conservation Management
- Medical Microbiology
- Pharmaceutical Botany
- Plant Sciences
- Postharvest Technology of Fruits and Vegetables

Science Education

- Science Education

Statistics and Computer Science

- Applied Statistics
- Computer Science
- Data Science and Artificial Intelligence
- Information Technology (IT)

Zoological Sciences

- Applied Epidemiology
- Fish and Wildlife Management

POSTGRADUATE DIPLOMA

Science Education

The programme will be of twelve month duration and, consists of coursework and an independent study on an area of student's interest in science education. Coursework will be conducted over a period of two semesters of 15 weeks (during weekends.) Continuous attendance is compulsory throughout the programme of study. The programme of study consists of six compulsory courses including teaching practice and an independent study and four optional courses. Satisfactory completion of a minimum of 24 credits including coursework, teaching practice, independent study with a GPA of not less than 2.75 is required to obtain the Postgraduate Diploma in Science Education.
